DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The limitations "ethyl alcohol addition ratio", "ethyl alcohol supplied at a determined addition ratio", "said addition ratio of ethyl alcohol" are vague and confusing. It is suggested to use the terms "first" and "second" to differentiate between above limitations. At this time, the limitation "ethyl alcohol addition ratio" is understood as first ethyl alcohol addition ratio and the limitations "ethyl alcohol supplied at a determined addition ratio" or "said addition ratio of ethyl alcohol" will be understood as the second ethyl alcohol addition ratio determined based on the first ratio.

Allowable Subject Matter

3. Claims 1-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 1, 6, and 11 are allowable because prior art doesn't describe or suggest etching the bottom antireflective coating using etching gas, including ethyl alcohol, supplied at an addition ratio (or the second ethyl alcohol addition ratio) determined based on the obtained ethyl alcohol addition ratio (or the first ethyl alcohol addition ratio) to thereby remove the portions of the bottom antireflective coating not covered by the etching mask.
